*Limburgs Symfonie Orkest: oldest professional orchestra of the Netherlands
In the rich cultural surroundings of the province of Limburg the orchestra has carved its own niche: it offers the audience a wide spectre of symphonic concerts, opera's choir-accompaniment and concerts for the young. The orchestra crosses the border quite frequently to the neighbouring countries of Germany and Belgium.
Chief conductor Ed Spanjaard leads the orchestra with very much success through all the repertoire and gets very good critics in the whole country.*
