Rehearsals are usually held on consecutive weekday evenings (and some weekends) in the day(s) immediately prior to the performance day.

The pay for the 2025-2026 season is \$142.00 for section positions. These positions are offered for the remainder of the 2025-2026 season beginning April, 2026. Since they are offered after the start of the season, the guaranteed services and required minimums only take effect beginning on July 1, 2026 for the 2026-2027 season. Contracted members are required to play a minimum number of series per season depending on the number of series offered. The NHSO is a part-time per service orchestra, offering on average 35-50 services per season. In addition, there is a travel pay allowance for players living more than 15 miles from New Haven (maximum of \$40 per day).

The substitute list may be updated with results from any audition. To perform with the New Haven Symphony Orchestra, you need to be a member in good standing with your local musicians' union (A.
