A platform where students **perform** a series of **chamber music concerts** and have the opportunity of sharing their experiences with the wider public of Spetses.

WE ASPIRE TO

Support education in the music and cultural fields.

Highlight the **importance of music education for youth** by offering them an opportunity to interact with one another and create unforgettable and enriching experiences and long-lasting memories that can help shape their musical careers.

WHY SPETSES

The unique premises of the school offers an **ideal surrounding for a music academy**.

Located only 2hours from Athens, Spetses is **easily accessible** either by ferry or by bus.

Ferries and high-speed hydrofoils arrive regularly from Piraeus.

No private cars on the island within the town limits. The most common modes of transport are walking, horse-drawn carriages, bicycles and motorcycles.

The island is **covered with pines** and famous for its **clear waters** and **secluded coves**.

DRIVING INSCRIPTIONS

We continue to engage in grassroots efforts to outreach to schools in both Greece and countries around the world to actively promote the academy to both parents and students.

We continue to identify online platforms targeted to students that will promote inscriptions.

We work closely with our media partners to promote inscriptions on key online platforms.

PARTNER ENGAGEMENTS

Following the success of the last five years, the Academy has built a strong engagement program with international partners in the fields of music and education.

We strive to identify key partners in both public and private sectors that continue to work closely with us to position M.A.A.K.S.S. both nationally and internationally.

Such partners include the Wieniawski Competition (London), Haute Ecole de Musique de Genève, EMMA For Peace, and others.

LOCAL ENGAGEMENT

To ensure M.A.A.K.S.S. contributes to - and works closely with - Spetses, we have

- Created a "Friends of the Academy" Association
- Invited key local partners to be a part of the program
- Identified and engaged local partners that could lend support in hospitality and F+B sectors
- Supported and continue to work with local businesses in supporting relevant marketing activities

EXCHANGE PROGRAM

We have been working closely with our partners to establish a program that identifies an international institution per year that can provide a grant to a student to support their participation in the academy.

In turn, we identify a local student that will be able to visit the partner university's summer camp.

SPONSORSHIPS

M.A.A.K.S.S. provides a number of opportunities for partners who wish to sponsor the academy and its efforts.

We are happy to work on a tailor-made approach with each partner to best identify the most appropriate structure to each individual engagement.
