Artistic direction: Katharina Königsfeld | Office: Hanspeter Jöchl

# ORGAN AND PIANO MASTERCLASSES IN KITZBÜHEL

The organ academy is aimed at professional musicians, students and talented pupils who would like to gain inspiration from renowned teachers. A special feature is the combination of organ and piano, as well as masterclass and competition.

Organs by Egedacher, Metzler, Pirchner and Klais are available as teaching and practice instruments. In addition to organ lessons, piano and technique lessons are also given.

The Maria Hofer Organ Competition, which takes place at the end of the course and is endowed with a total of €2900, consists of two rounds. A work by J. S. Bach must be prepared for the final round. Participation is voluntary.

The week will be framed by concerts given by the teachers and participants will have the opportunity to explore and enjoy the beautiful landscape of the Kitzbühel Alps on a hike.
