7. COMMUNICATION WITH THE FAMILIES

SUMMER CAMP TELEGRAM CHANNEL

A few days before the start we will open a direct communication channel with the families through the Telegram app. Here we will be sharing all the relevant information needed for the correct development of the programme, and a daily overview that includes pictures of the activities that took place.

DIRECT CONTACT

We suggest to have the first contact between families and full board students the third day of the programme, being this period a recommendation to allow the children to reach the best possible levels of adaptation and learning. During the programme, we suggest evenings once the lessons are over and the students have time to shower as the best time to communicate directly with your kids.

CELL PHONES

Participants are allowed to bring their cell phones to the camp. It is not permitted to use cell phones during lessons and activities.

8. SAFETY AND DOCUMENTATION

We appreciate that you trust us with what's most important: your daughters and sons. That's why children and families safety and wellbeing is our priority:

- All participants are cover with a civil liability insurance
- Foreign participants will also have a travel insurance
- TO PARTICIPATE IT IS MANDATORY TO PROVIDE:
 - SOCIAL SECURITY ID (Spain and UE)
 - I.D./PASSPORT PICTURE

iThanks!
